Course Description: This course is an historical and critical examination of the diverse images of African-Americans in cinema. This course includes, but is not limited to, exploring the impact of those images on American society, critical viewing of films, modes of production, and marketing.

Course Format: The course work will consist of lectures, class discussions, screenings and readings. Note: Students are expected complete ALL reading assignments prior to class.

Course Objectives: This course is designed to:

1. Provide students with an historical overview of the African American experience in film.
2. Illustrate the roles that have historically circumscribed black performers as well as demonstrate how some directors and performers were at times able to cut against stereotypical representations.
3. Teach students how to utilize knowledge of the history of African American images in films to critically view contemporary media.
4. Create a dialogue that focuses on an extremely important, yet sensitive topic. In addition to discussing narrative film, issues subject to exploration include documentary films, hip-hop music videos, television news, reality television, and other significant topics that arise over the duration of the course.

Requirements and Grading: There will be a midterm worth 100 points and a cumulative final exam worth 150 points. Note: I will only administer make up examinations in the event of extenuating circumstances such as severe illness, death in family, and university recognized religious holidays. Students will be asked to provide documentation to support the circumstances. A dentist appointment, routine medical check-up, tickets to a concert, plane/train tickets home, etc… are not acceptable reasons to miss an exam. These are controllable and thus, inexcusable.

There will be quizzes based on lectures, class discussions, reading assignments, and screenings. The total point value of all the quizzes is 75 points. Note: Some quizzes may be unannounced. I will not give make-up quizzes under ANY circumstances.

There will be one short writing assignment worth 25 points.
There will be a research paper worth 100 points. The paper topic will be assigned later in the semester.

Finally, students will also be evaluated on in-class participation. It is simply not enough to show-up to class; students must bring their voices and be prepared to use them. Students are required to express and support their opinions using the filmic language taught in the course. Participation is worth 25 points.

**DO NOT ASK FOR EXTRA CREDIT!** If extra credit opportunities are given they will be assigned to the entire class at the discretion of the instructor.

There is a total of 475 points for the course. Grades will be assigned as follows:

- 90% or more of total points: “A”
- 80% - 89%: “B”
- 70% - 79%: “C”
- 60% - 69%: “D”
- 59% or below: “F”

**Course Policies: Attendance** is mandatory and will be taken each class session. Students are required to arrive on time as latecomers disturb the class. Class begins promptly at 3:30. Arriving after 3:30 will result in a tardy, while arriving after 3:35 will result in a charged absence. More than 1 unexcused absence will result in a 10% decrease of your final grade for each additional absence. Excessive tardiness will also adversely affect your grade. Specifically, arriving to class late 2 times will result in a charged absence. Late arrivals may not sign the attendance sheet until the end of class. If you leave early your name will be removed from the attendance sheet. Forging another student’s signature on the attendance sheet will result in penalties ranging from an “F” in the course to expulsion from the University.

**Students** will remain attentive during lectures, class discussions, and screenings and refrain from talking or other disruptive behavior. I reserve the right to cancel your attendance for any day that you are talking in class or if you are rude to me or to your classmates. Additionally, all notes must be taken by hand. Laptop computers, word processors, or other devices are not to be used unless a student provides documented proof of extenuating circumstances. Furthermore, although people often think of film screenings as social events, you will be working during these screenings so talking, sleeping, or leaving class for extended periods of time during films will result in a charged absence. I absolutely will NOT tolerate ringing mobile phones, texting, or playing with phones during class. Turn all mobile devices **Off** before entering class. Finally, do not begin to pack your belongings before class has been dismissed as this can also be disruptive to me and more importantly, other students.

**Academic Dishonesty** (cheating) will not be tolerated under any circumstances. The College of Mass Communication and Media Arts prohibit the use of someone else’s work. Do not copy another person’s work/quiz/exam. Any student caught engaging in academic dishonesty is subject to penalties set forth by the College of Mass Communication and Media Arts in accordance with SIU.

**Students with Disabilities:** Any student with a disability that prevents the full participation in the course should please contact me as soon as possible to discuss any accommodations necessary to enable you to fully participate in the course.
Building Emergency Response Protocols:

University’s Emergency Procedure Clause:
Southern Illinois University Carbondale is committed to providing a safe and healthy environment for study and work. Because some health and safety circumstances are beyond our control, we ask that you become familiar with the SIUC Emergency Response Plan and Building Emergency Response Team (BERT) program. Emergency response information is available on posters in buildings on campus, available on BERT’s website at www.bert.siu.edu, Department of Public Safety’s website www.dps.siu.edu (disaster drop down) and in the Emergency Response Guideline pamphlet. Know how to respond to each type of emergency.

Instructors will provide guidance and direction to students in the classroom in the event of an emergency affecting your location. **It is important that you follow these instructions and stay with your instructor during an evacuation or sheltering emergency.** The Building Emergency Response Team will provide assistance to your instructor in evacuating the building or sheltering within the facility.

Students With a Disability:
Instructors and students in the class will work together as a team to assist students with a disability safely out of the building. Students with a disability will stay with the instructor and communicate with the instructor what is the safest way to assist them.

Tornado:
During the spring semester we have a **Storm Drill.** Pick up your belongings and your instructor will lead you to a safe area of the basement. No one will be allowed to stay upstairs. Stay away from windows. The drill should not last more than 10 minutes. You must stay with your instructor so he/she can take roll. Students need to be quiet in the basement as the BERT members are listening to emergency instructions on handheld radios and cannot hear well in the basement.

Fire:
During the fall semester we have a **Fire Drill.** Pick up your belongings and your instructor will lead you to either the North or South parking lot depending on what part of the building your class is in. You must stay with your instructor so he/she can take roll. As soon as the building is all clear, you will be allowed to return to class.

**These drills are to train instructors and the Building Emergency Response Team to get everyone to a safe place during an emergency.**

Bomb Threat:
If someone calls in a bomb threat, class will be suspended and students will be asked to pick up their belongings, evacuate the building and leave the premises. Do not leave anything that is yours behind. We will not allow anyone back into the building until the police and bomb squad give us an all clear. **DO NOT USE YOUR CELL PHONES.** Some bombs are triggered by a cell phone signal.
Shooter in the Building:
If it is safe to leave, move to a safe area far from the building away from where the shooter is located. If anyone has any information about the shooter, please contact the police after they have gone someplace safe.

If it is not safe to leave, go into a room, lock the door and turn out the lights. Everyone should spread out and not huddle together as a group. Don’t stand in front of the door or in line of fire with the door. Students’ chair and desks should be piled in front of the glass and door as a barricade and the teacher’s desk, podium and anything movable can be pushed against the door. This is intended to slow down any attempts to enter the classroom. If it looks like the shooter is persistent and able to enter, make a lot of noise and have the students use everything in their backpacks to throw at the shooter to distract him.

Silence all cell phones after one person in the room calls the police and informs them of their location and how many people are in the room. Be quiet and wait for the police to arrive. The police are looking for one or more shooters, and they have no way of knowing if the shooter is in the room people are hiding in. For this reason, when the police enter the room, no one should have anything in his/her hands and each person MUST raise his/her hands above his/her head.

Earthquake:
In the event of an earthquake, you are advised to take cover quickly under heavy furniture or crouch near an interior wall or corner and cover your head to avoid falling debris. Outside the building are trees and power lines and debris from the building itself that you will need to stay away from. In the building, large open areas like auditoriums are the most dangerous. Do not try to escape on a stairway or elevator. Do not hide under a stairway. We do not recommend that you stand in a doorway because the door could shut from the vibrations and crush your fingers trapping you there.

Rave Mobile Safety Alert System:
We recommend that you sign up for the Rave Mobile Safety Alert System. It is a new system that replaces the WENS system to alert you through emergency text messages on your cell phone and emails for emergencies on campus, weather reports and emergency school closures. You have to sign up. If you were signed up for WENS it does not roll over. You have to sign up for Rave Mobile Safety Alert System. Go to Saluki Net, go to my records tab, under SIUC Personal Records, click on View My SIUC Student Records, Under Main Menu click on Personal Information, click on View and Update Addresses and Phones, in the middle of the page click [Update Addresses and Phones], under phones click Primary: This will take you to Update Addresses and Phones – Update/Insert, under primary phone number for this address put in your cell phone and submit. WITHDRAWAL POLICY—Undergraduate only
Students who officially register for a session may not withdraw merely by the stopping of attendance. An official withdrawal form needs to be initiated by the student and processed by the University. For the proper procedures to follow when dropping courses and when withdrawing from the University, please visit http://registrar.siu.edu/pdf/undergradcatalog1314.pdf

INCOMPLETE POLICY—Undergraduate only
An INC is assigned when, for reasons beyond their control, students engaged in passing work are unable to complete all class assignments. An INC must be changed to a completed grade within one semester following the term in which the course was taken, or graduation, whichever occurs first. Should the student fail to complete the course within the time period designated, that is, by no later than the end of the semester following the term in which the course was taken, or graduation, whichever occurs first, the incomplete will be converted to a grade of F and the grade will be computed in the student’s grade point average. For more information please visit: http://registrar.siu.edu/grades/incomplete.html

REPEAT POLICY
An undergraduate student may, for the purpose of raising a grade, enroll in a course for credit no more than two times (two total enrollments) unless otherwise noted in the course description. For students receiving a letter grade of A, B, C, or D, the course repetition must occur at Southern Illinois University Carbondale. Only the most recent (last) grade will be calculated in the overall GPA and count toward hours earned. See full policy at http://registrar.siu.edu/pdf/undergradcatalog1314.pdf

Graduate policies vary from Undergraduate policies. To view the applicable policies for graduate students, please visit http://gradschool.siu.edu/about-us/grad-catalog/index.html

DISABILITY POLICY
Disability Support Services provides the required academic and programmatic support services to students with permanent and temporary disabilities.
