RT-365B Multi-Camera Production Syllabus
Spring 2016

Professor: Jan Thompson
Contact: janione@siu.edu
Class Time: Wednesdays 11:00-1:50
Office Hours: Mondays Noon-3:00; Wednesdays 2:00-5:00pm and by appointment.

Graduate Assistant: Brett Moron

Catalogue Description:
Designed to advance understanding of television production principles, student producers create work grounded in traditional and professional practices while learning the basic tools of television production. Each course focuses on one of the two production platforms: single camera field production and multi-camera studio production. Lab fee: $55. Pre-requisite: C or better in RT 200, RT 300, RT 310.

Objectives:
The objective of this class is to provide an overview of studio based television techniques. You will learn every position that is used for a program produced for a multi-camera production. As a producer/director you will direct several exercises. These exercises will provide you the opportunity to practice each position assignment. For all exercises and projects you will get a combination of grades: as a director/crew assignment/talent. It is imperative that all crewmembers take each exercise and project seriously. In addition, there will be quizzes, hands-on tests, several written assignments and a final.

Required by 2nd class: a stop watch, not a watch with a stop watch function or a cell phone.

Recommended:
Television Production Handbook, Herbert Zettl (latest edition)
Video Basics 6 by Herbert Zettl (or latest edition)

RULES: NO TEXTING-CELL PHONE USE DURING CLASS.
RT-365B Multi-Camera Production
Subject to change at the discretion of the Instructor.

Week One: Intro to the course; overview of positions in the studio and control room. Basic terminology/cues used in studio productions. Hands-on practice with the equipment. Assignment One.

Week Two: Lecture: The Production Schedule; Program Format and Scripts. Exercise One Begins: Directing The Interview w/ 2 cameras and using proper language.

Week Three: Lecture: Designing the three-camera production. Assignment Two. Exercise One: Directing The Interview w/ 2 cameras continues.

Week Four: Assignment Two reviewed and discussed. QUIZ 1. Exercise One: Directing The Interview w/ 2 cameras continues.

Week Five: Quiz review. Overview of working with talent. Exercise Two: Directing The Interview w/ 3 cameras.

Week Six: Exercise Two: Directing The Interview w/3 cameras.

Week Seven: Exercise Two: Directing The Interview w/ 3 cameras.

Week Nine: Spring Break!

Week Ten: Lecture on blocking cameras and talent. Exercise 3: Directing the Demonstration.

Week Eleven: Exercise 3: Directing the Demonstration.

Week Twelve: Hands-On Test. Project 1 practice/blocking.

Week Thirteen: QUIZ 3: Hands-On Test; Project 1 practice/blocking.

Week Fourteen/Fifteen: Project 1 directed.
Southern Illinois University Carbondale is committed to providing a safe and healthy environment for study and work. Because some health and safety circumstances are beyond our control, we ask that you become familiar with the SIUC Emergency Response Plan and Building Emergency Response Team (BERT) program. Emergency response information is available on posters in buildings on campus, available on BERT’s website at [www.bert.siu.edu](http://www.bert.siu.edu), Department of Public Safety’s website [www.dps.siu.edu](http://www.dps.siu.edu) (disaster drop down) and in the Emergency Response Guideline pamphlet. Know how to respond to each type of emergency.

Instructors will provide guidance and direction to students in the classroom in the event of an emergency affecting your location. **It is important that you follow these instructions and stay with your instructor during an evacuation or sheltering emergency.** The Building Emergency Response Team will provide assistance to your instructor in evacuating the building or sheltering within the facility.

**Students With a Disability:**

Instructors and students in the class will work together as a team to assist students with a disability safely out of the building. Students with a disability will stay with the instructor and communicate with the instructor what is the safest way to assist them.

**Tornado:**

During the spring semester we have a **Storm Drill.**

Pick up your belongings and your instructor will lead you to a safe area of the basement. No one will be allowed to stay upstairs. Stay away from windows. The drill should not last more than 10 minutes. You must stay with your instructor so he/she can take roll. Students need to **be quiet in the basement** as the BERT members are listening to emergency instructions on handheld radios and cannot hear well in the basement.

**Fire:**

During the fall semester we have a **Fire Drill.**

Pick up your belongings and your instructor will lead you to either the North or South parking lot depending on what part of the building your class is in. You must stay with your instructor so he/she can take roll. As soon as the building is all clear, you will be allowed to return to class.

**These drills are to train instructors and the Building Emergency Response Team to get everyone to a safe place during an emergency.**

**Bomb Threat:**
If someone calls in a bomb threat, class will be suspended and students will be asked to pick up their belongings, evacuate the building and leave the premises. Do not leave anything that is yours behind. We will not allow anyone back into the building until the police and bomb squad give us an all clear. **DO NOT USE YOUR CELL PHONES.** Some bombs are triggered by a cell phone signal.

**Shooter in the Building:**

If it is safe to leave, move to a safe area far from the building away from where the shooter is located. If anyone has any information about the shooter, please contact the police after they have gone someplace safe.

If it is not safe to leave, go into a room, lock the door and turn out the lights. Everyone should spread out and not huddle together as a group. Don't stand in front of the door or in line of fire with the door. Students' chair and desks should be piled in front of the glass and door as a barricade and the teacher's desk, podium and anything movable can be pushed against the door. This is intended to slow down any attempts to enter the classroom. If it looks like the shooter is persistent and able to enter, make a lot of noise and have the students use everything in their backpacks to throw at the shooter to distract him.

Silence all cell phones after one person in the room calls the police and informs them of their location and how many people are in the room. **Be quiet and wait for the police to arrive.** The police are looking for one or more shooters, and they have no way of knowing if the shooter is in the room people are hiding in. For this reason, when the police enter the room, no one should have anything in his/her hands and each person MUST raise his/her hands above his/her head.

**Earthquake:**

In the event of an earthquake, you are advised to take cover quickly under heavy furniture or crouch near an interior wall or corner and cover your head to avoid falling debris. Outside the building are trees and power lines and debris from the building itself that you will need to stay away from. In the building, large open areas like auditoriums are the most dangerous. Do not try to escape on a stairway or elevator. Do not hide under a stairway. We do not recommend that you stand in a doorway because the door could shut from the vibrations and crush your fingers trapping you there.

**Rave Mobile Safety Alert System:**

We recommend that you sign up for the Rave Mobile Safety Alert System. It is a new system that replaces the WENS system to alert you through emergency text messages on your cell phone and emails for emergencies on campus, weather reports and emergency school closures. You have to sign up. If you were signed up for WENS it does not roll over. You have to sign up for Rave Mobile Safety Alert System. Go to Saluki Net, go to
my records tab, under SIUC Personal Records, click on View My SIUC Student Records, Under Main Menu click on Personal Information, click on View and Update Addresses and Phones, in the middle of the page click [Update Addresses and Phones], under phones click Primary: This will take you to Update Addresses and Phones – Update/Insert, under primary phone number for this address put in your cell phone and submit. For more information, visit dps.siu.edu, contact SalukiTech at 453-5155 or salukitech@siu.edu.

CPR/Defibrillator and First Aid Class:

If you would like to take a CPR/Defibrillator and/or First Aid class, contact LaVon Donley-Cornett, lavong@siu.edu or call 453-7473.

Women's Self Defense Classes are offered to female students faculty and staff by the Department of SIU Public Safety. For more information contact Officer Mary Stark marys@dps.siu.edu.
